The Arizona Nonprofit + Grantmakers Policy Council is an advisory group composed of individuals interested in public policy and advocacy for the nonprofit sector. Participation in the council is open to members of the Alliance of Arizona Nonprofits + Arizona Grantmakers Forum and is primarily made up of individuals who are working in or for a nonprofit organization. Other members include lobbyists or other experts in public policy who support the sector. Our goal is to have a council that accurately reflects and represents our diverse nonprofit and philanthropic communities in Arizona.

### What We Do

- Provide critical insight and feedback on issues, opportunities and obstacles facing the nonprofit sector.
- Share their issues, concerns and viewpoints on a variety of nonprofit issues through productive discussion and information sharing.
- Help mobilize the 'grassroots' and 'grasstops', and informs boards of directors, partners and the media on legislation, propositions or public policy issues in Arizona.
- Help shape the Alliance's advocacy strategies and the formation of the Alliance's annual legislative agenda, guided by the Alliance's Policy Council.
- Help plan advocacy related programs and events.
- Meet with policy makers and other leaders, or provide testimony at the legislature, as part of the Alliance's ongoing advocacy efforts.
- Provide review and recommendations on legislative and policy issues to the full Alliance board for approval as necessary.
